Quarterly activities report for the quarters ending 31 December 2015 & 31 March 2016

International Petroleum Limited (NSX: IOP) (“International Petroleum” or the “Company”), an oil and gas exploration company presents its activities report for the three months ending 31 December 2015 and three months ending 31 March 2016.

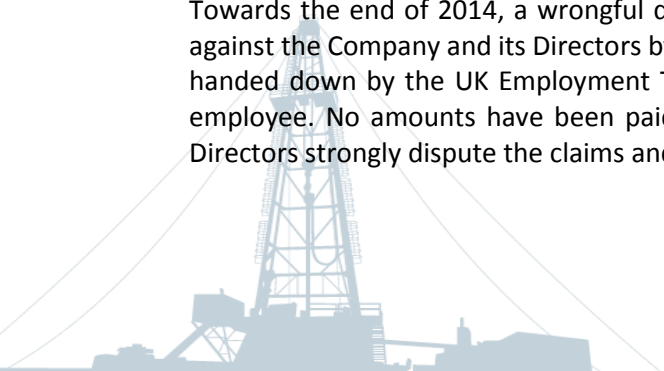

UPDATE ON KEY ISSUES

- US\$1,372k cash at bank at 31 December 2015, US\$1,070k cash at bank 31 March 2016
- Update on Corporate Matters
- Update on Niger project
- Update on Kazakhstan project
- NSX suspension from official quotation

Corporate Matters

During May 2016, the Company settled a long outstanding legal case with Nkwe Platinum Limited (Nkwe) on the basis that each party has agreed to its claim against the other being dismissed, with no orders as to costs. Nkwe had failed to pay for the purchase of International Petroleum’s 10% interest in prospective platinum tenements known as Hoepakrantz 291 KT, Nooitverwacht 324 KT and Eerste Geluk 327 KT located in the Eastern Limb of the Bushveld Complex in the Republic of South Africa (Tubatse Project or IGC Project) in accordance with the Sale Agreement between International Petroleum and NKWE dated 4 October 2009 (Sale Agreement). International Petroleum accepted a cash settlement of A\$280,000, which has been received by the Company during May 2016.

Towards the end of 2014, a wrongful dismissal claim and other employment related claims were brought against the Company and its Directors by a former employee of the Company. A judgment has recently been handed down by the UK Employment Tribunal, provisionally awarding £843,373 plus taxes to the former employee. No amounts have been paid in respect of this award by the Company. The Company and its Directors strongly dispute the claims and have lodged an appeal.

Niger project

During June 2016, the Company advised that the Manga-1, Manga-2, Ténéré Ouest and Aborak Oil exploration permits have been relinquished by the Company.

Due to the continuing threats to security along the Niger-Nigerian border and the Republic of Niger's declaration of a state of emergency in this region, including areas contained within the Company's exploration blocks, a force majeure has been in place since February 2015. This security risk, combined with the deterioration of the global oil market, means the Company cannot continue with planned exploration in Niger.

Kazakhstan project

On 4 August 2014, the Company received a notification from the Ministry of Energy of the Republic of Kazakhstan (formerly the Ministry of Oil and Gas) ("ME") that its rights to the Alakol licence had been withdrawn by ME unilaterally. The Company did not accept this as being justified and filed a lawsuit against ME demanding that the licence be reinstated back to the Company. A first instance court hearing was held on 16 January 2015 to address our claim for the licence to be reinstated and was decided in our favour. It was also recommended by the court of first instance that the licence expiry date be extended to account for lost time since the date the licence was withdrawn. ME appealed this decision, and won. Immediately following this appeal court decision, the Company submitted a cessation appeal against it on 28 April 2015 and an official ruling against this was issued on 10 June 2015. The Company had one year, till the 10 June 2016, to submit its appeal to the Supreme Court.

Due to new legislation, specifically the Civil Procedural Code of the Republic of Kazakhstan, which was to be applied retrospectively, the deadline to submit an appeal to the Supreme Court changed to 10 December 2015. During December 2015 the Company lodged its appeal and the Supreme Court decision rejecting our appeal was received on 24 February 2016. However, the application for revocation has subsequently been lodged through the General Prosecutors office in relation to this decision. A decision is still pending and is expected by the end of Quarter 3, 2016.

NSX suspension from official quotation

At the Company's request the Company's shares have been suspended from trading on the NSX since 27 March 2013. The Company is currently working towards meeting its reporting obligations and will apply to the NSX and request that trading resume in due course. An announcement will be sent to shareholders once the trading suspension is lifted.

Yours faithfully
